Checking My Work in Math

Mistake	Tally	What to Do
1. Sloppiness (e.g., mistake a number due to bad handwriting)		
2. Careless Error (e.g., 2 + 3 = 6)		
3. Didn't memorize something		
4. Just not understanding		
5.		
6.		

Checking My Work in Math

Match the solution with the mistake types:

A Sloppiness (e.g., mistake a number due to bad handwriting)
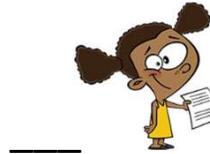

____ What was I thinking? I know this! I'll check for this next time.

B Careless Error (e.g., 2 + 3 = 6)
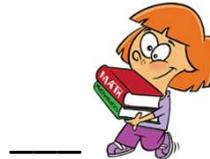

____ I'd better make some flash cards.

C Didn't memorize something
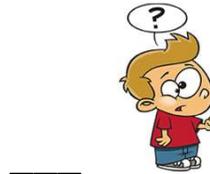

____ I need to ask for help.

D Just not understanding
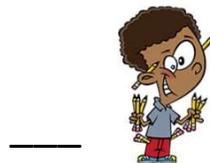

____ I can fix this. I'll slow down.
